LA CTF

2027 Sponsorship Packet

lac.tf acmcyber.com

an acm.cyber event

Overview

LA CTF (https://lac.tf) is an annual cybersecurity competition at UCLA hosted by ACM Cyber at UCLA (https://acmcyber.com). ACM Cyber at UCLA focuses on promoting cybersecurity to undergraduate students and is the *only* student organization involved with cybersecurity at UCLA. It is one of the nine subcommittees of ACM at UCLA (https://www.uclaacm.com), the largest computer science student organization in Southern California.

After four incredibly successful years of running LA CTF, ACM Cyber is working hard to craft an even better experience for 2027! LA CTF 2027 will run from 2/19/27 to 2/21/27. LA CTF is the largest cybersecurity event at UCLA, attracting the top cybersecurity students and teams from not only UCLA but also around the world. Over one weekend, teams compete by completing cybersecurity challenges in a wide range of fields and at varying levels of difficulty in order to gain points, with prizes given to the top scoring teams.

With your sponsorship, we provide a platform for your company to not only recruit and promote your work and brand, but to also become more involved within the field and community of cybersecurity.

LA CTF 2026 at a Glance

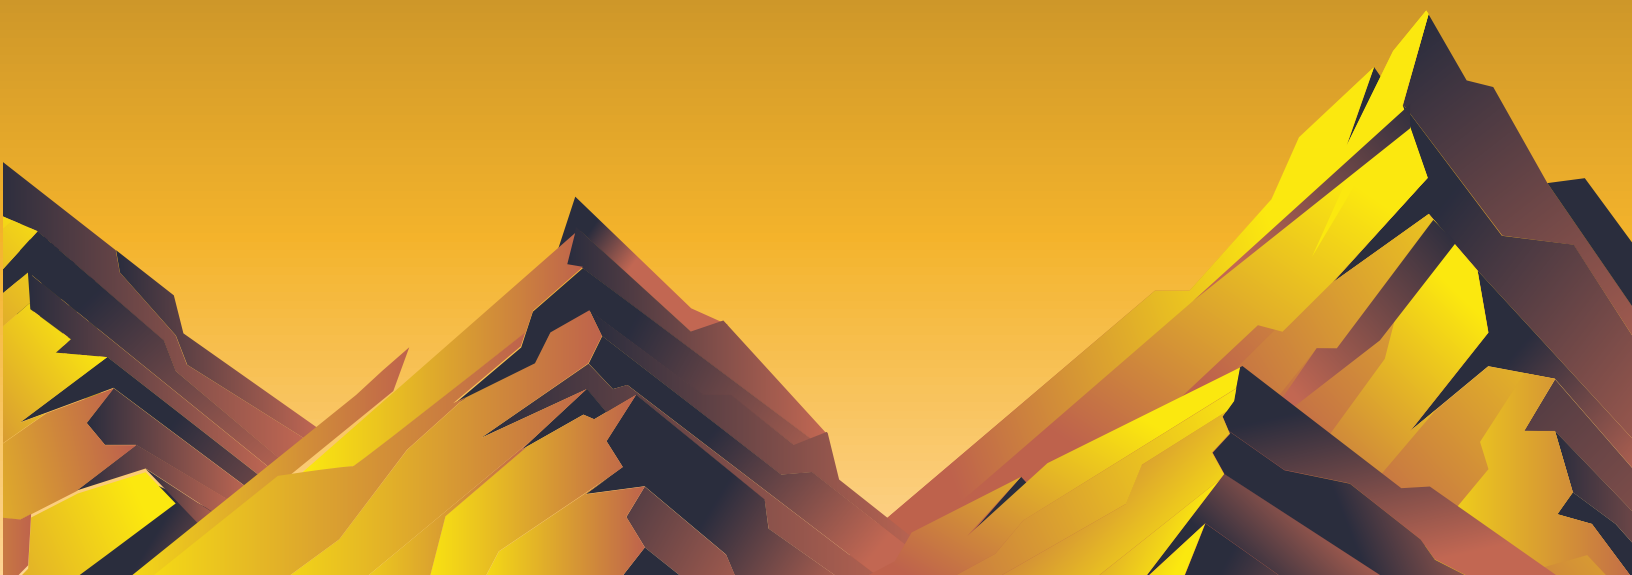

48 hour event, starting at 6 pm Friday, ending 6 pm Sunday

Base Sponsorship: $500

For a minimum $500 sponsorship, your company receives:

- ***Promotion on the LA CTF 2027 website, platform, and Discord.*** Your company's logo and a short blurb will be featured on our list of sponsors at https://lac.tf, the homepage of the challenge platform at https://platform.lac.tf, and in our competition Discord at https://lac.tf/discord.
- ***Featured during opening and closing ceremonies.***
- ***Logo on LA CTF Merchandise.*** All merchandise created for LA CTF 2027 (such as T-shirts) will feature your logo.

Partner Sponsor: Amount Varies

By becoming a partner sponsor with LA CTF, we hope to offer your company some additional options for items we can possibly collaborate on during this event, as listed below. Please contact uclacyber+lactf@gmail.com for more information.
Please note, due to university restrictions, these additional offerings require being a UCLA Computer Science Department Industrial Affiliate: https://www.cs.ucla.edu/affiliate-memberships.

- ***Speaking during Opening & Closing Ceremonies.*** A representative from your company will be able to speak about your company's work during the opening and closing ceremonies, either in-person or virtually.
- ***Customized CTF Challenge.*** Our team of experienced challenge writers can work with your company to design a challenge during the main competition that will highlight a particular branch or technology that your company produces or works with.
- ***Events & Tabling in the LA CTF Village.*** Representatives from your company will be able to set up and recruit at a table inside the event venue.
- ***Recruiting.*** LA CTF will provide both a time and space for your company to directly talk with students and recruit for your company's positions.
- ***Resume Collection.*** Our team will be able to filter and collect the resumes from the top competing teams during LA CTF and provide their information to your company for recruitment purposes.
